THE CHALLENGES OF MODERN LIVING

Leisure time is always precious. We are constantly torn between work and worries. It is important that the time we spend with our families and ourselves is of the best quality.

We know that the best way to spend a day is outside, enjoying the freedom of nature. But not every day is a warm sunny morning.

- We are chased off the terrace by bad weather.
- The summer sun is too strong.
- The living room is too small for all the things we want to do with the family.
- The garden furniture needs a roof.

The solution is beautiful, useful, elegant and above all, easy to use.

Welcome to the world of Soltec pergola Agava.

You are at a point in your life where you know yourself well and you know where are you going. You have refined your style and so your personality can be recognized in everything you do. You only want the best and that`s where we can help you.

You have created a home that reflects your successes and where you feel comfortable, safe and relaxed. If you'd like to take that feeling to your terrace, we have a solution. Every Soltec pergola Agava is a unique product, made just for you.

SOLTEC PERGOLA AGAVA

It is entirely designed and manufactured in Slovenia. It combines 20 years of knowledge and experience in the field of innovative shading solutions. Its uniqueness is confirmed by awards and certificates.

The Soltec pergola doesn't lack or have too much of anything. The minimalist design of the pergola is carefully thought out to match modern architecture or a classic one that is always in trend.

EXCEPTIONAL. MINIMALISTIC. MADE IN EUROPE.

YOUR HOME IS MORE THAN A HOUSE.

Your home is your refuge. It protects you from the challenges of the world. Time runs slower when you are in the company of the people you love the most in the world. Home is that piece of the world where you can be what you are: honest, free and relaxed. It offers the time and space for the most beautiful moments.

Spring mornings invite you to the terrace, where you are greeted by the chirping of birds, and you feel the first warm rays of the sun on your skin. With a cup of hot, intoxicatingly fragrant coffee, you are sitting in your favorite corner and wish this peace would last forever.

In summer, a table with delicious food is inviting you the cool shade under the pergola, as there is nothing more fun than a family picnic. Hearing the sound of a summer barbecue makes you hungry, and you are certainly enjoying your cold drink. You can feel the first raindrops, but rain doesn't bother you as you have a roof over your head. Is there anything else one could wish for?

The end of the year is approaching. Although the days are short and the evenings are cold, you can still enjoy in your backyard. Music is playing on the speakers and lights are illuminating the group of friends that is having fun and enjoying roasted chestnuts. The stars light up in the sky and you are laying comfortably under a warm pergola and you seem to have everything in this world.

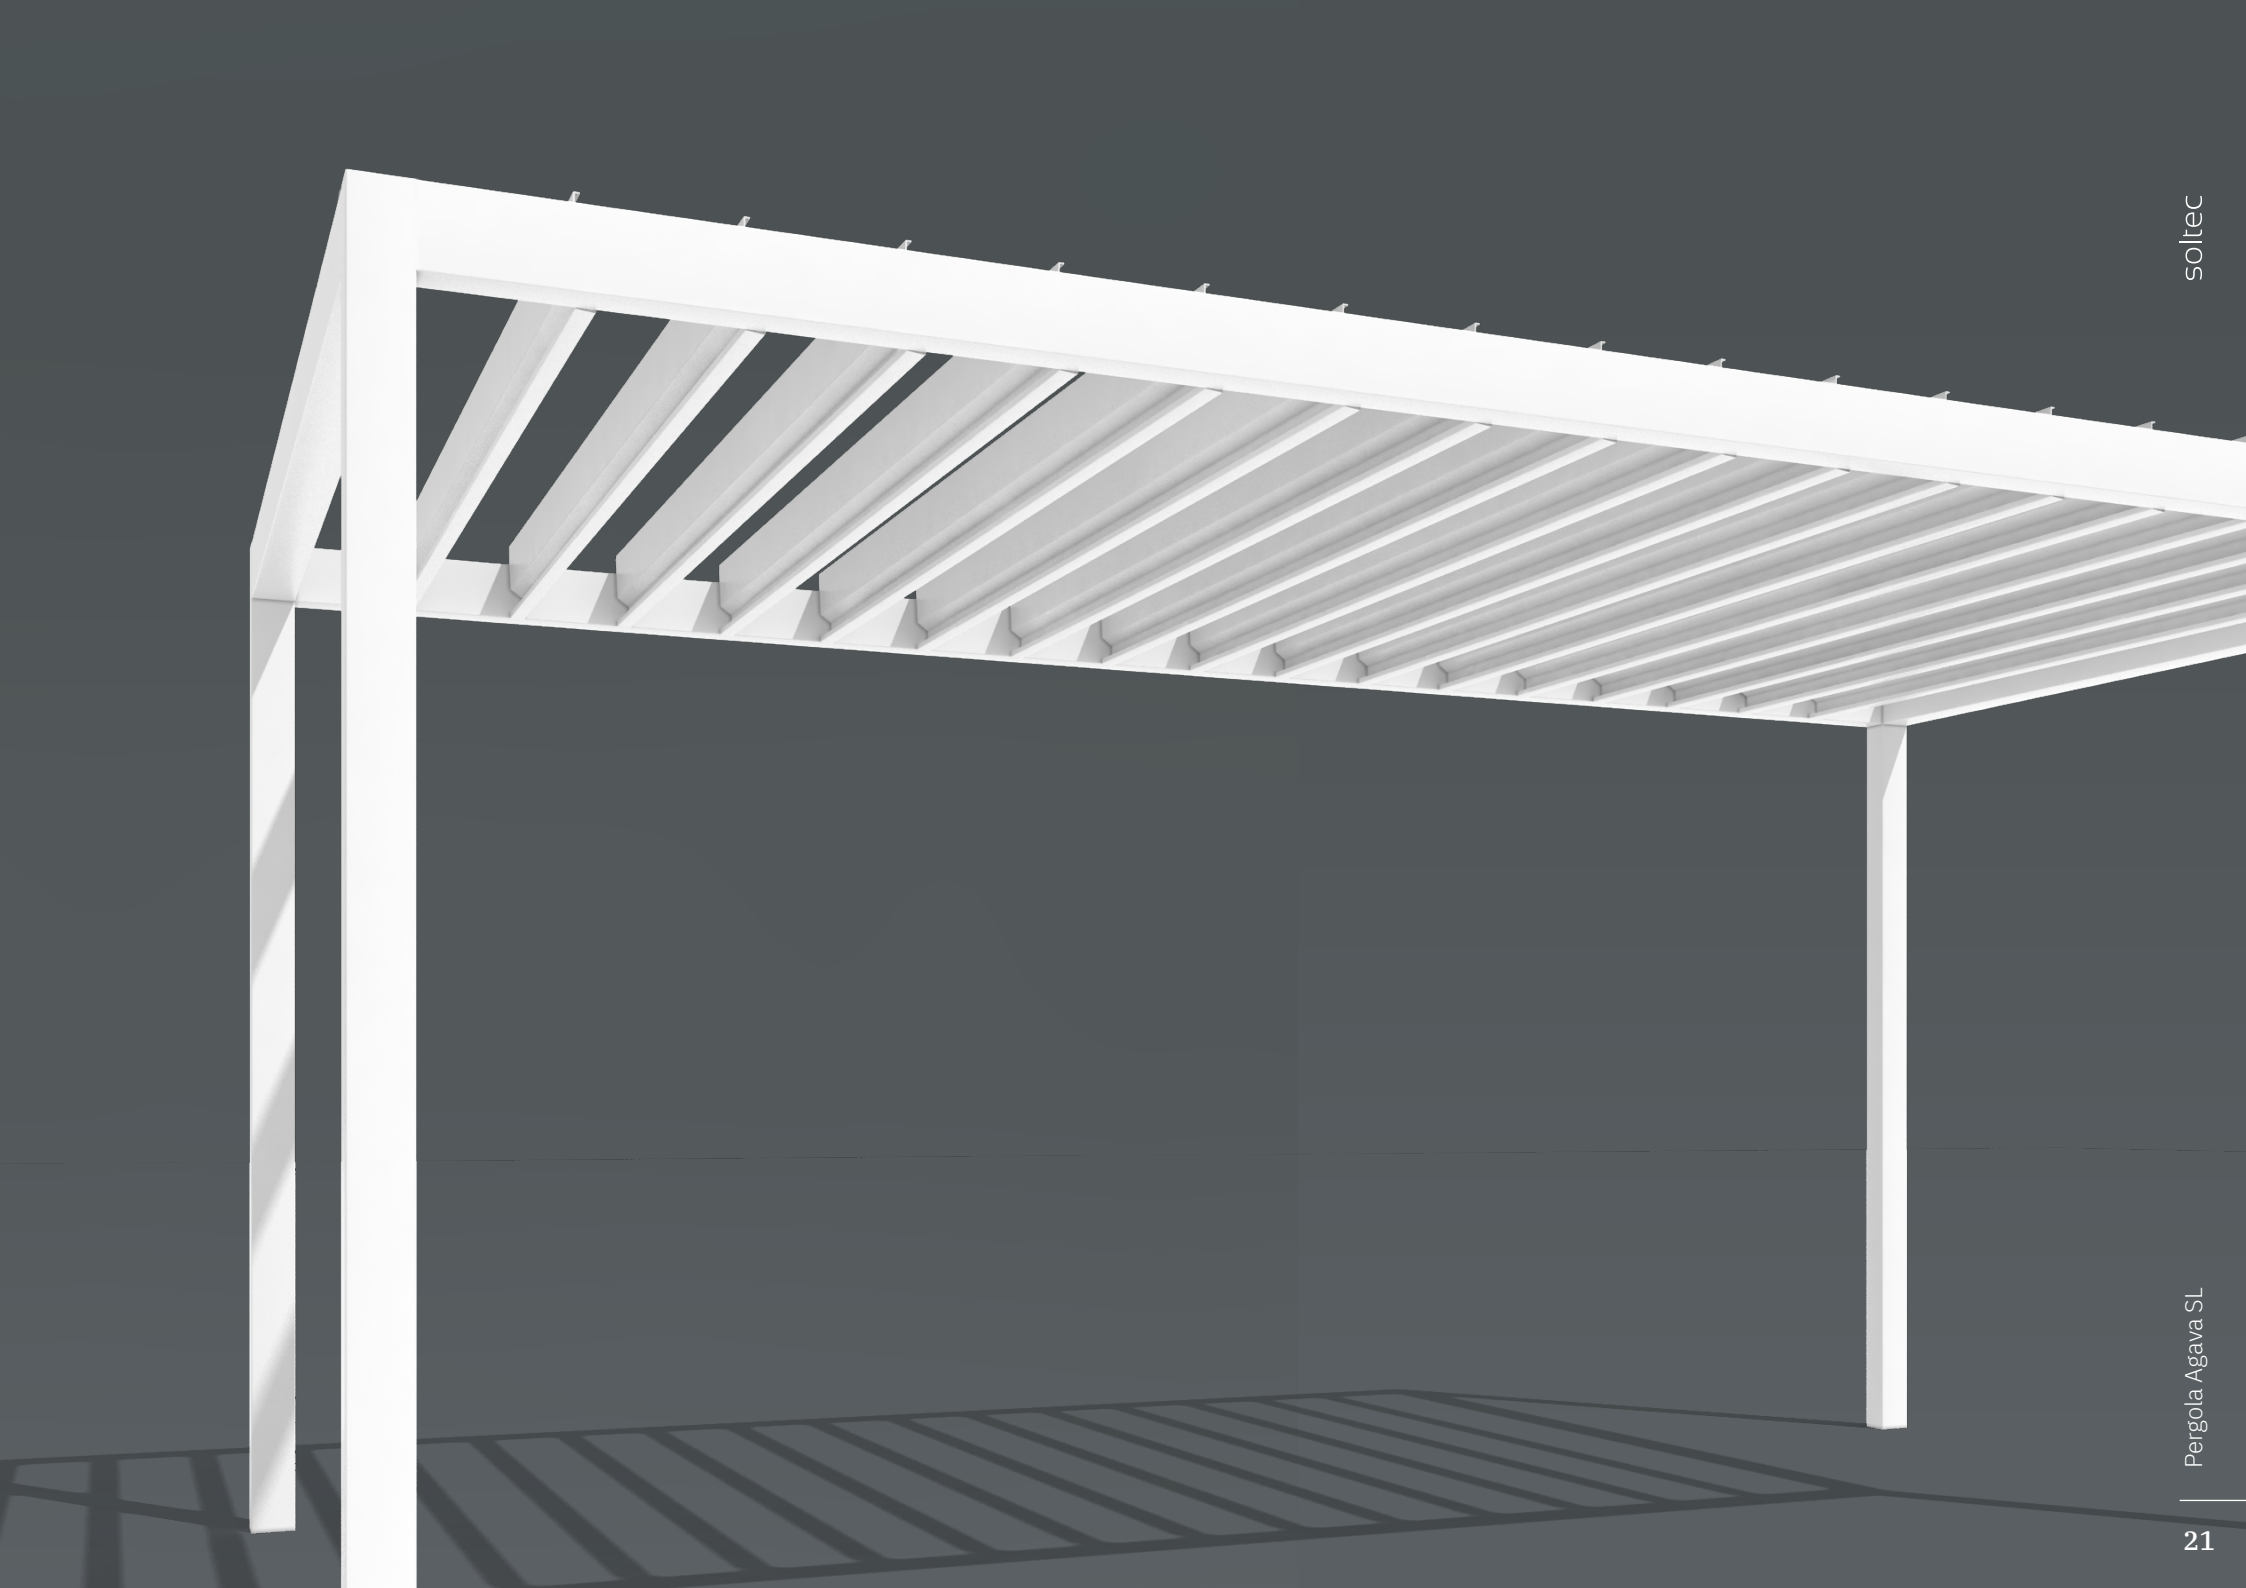

THE BEST CHOICE

Close your eyes and imagine the moment when you open the windows in your house on a summer morning, and a light wind blows through them, cooling you down pleasantly and letting fresh air into the room. This is also the case under the Soltec pergola. Air circulates through the closed blades and creates a pleasant microclimate that cools you in the hot summer months. This way, you won't get too hot in the heat.
